Duty to Avoid Unnecessary Costs of Service of Summons

Rule 4 of the Federal Rules of Civil Procedure requires certain parties to cooperate in saving unnecessary costs of service of the aummons and complaint. A defendant located in the United States who, after being notified of an action and asked by a plaintiff located in the United States to waive service of summons, fails to do so will be required to bear the cost of such service unless good cause be shown to its failure to sign and return the waiver.

It is not good cause for a failure to waive service that a party believes that the complaint is unfounded, of that the action has been brought in an improper place or in a court that lacks jurisdiction over the subject matter of the action or over its person or property. A party who waives service of the summons retains all defenses and objections (except any relating to the summons or to the service of the summons), and may later object to the jurisdiction of the court or to the place where the action has been brought.

A defendant who waives service must within the time specified on the waiver form serve on the plaintiffs attorney (or unrepresented plaintiff) a response to the complaint and must also file a signed copy of the response with the court. If the answer or motion is not served within this time, a default judgment may be taken against the defendant. By waiving service, a defendant is allowed more time to answer than if the summons had been actually served when the request for waiver of service was received.

| CASE TITLE | Ricky Hamilton (R-12533) v. J | | J. Allen, et al. |

DOCKET ENTRY TEXT:

Plaintiff is granted leave to file his complaint [1]. The Clerk shall issue summonses and send Plaintiff a Magistrate Judge Consent Form, Instructions for Submitting Documents, and a copy of this order. Plaintiff's motion for appointment of counsel [4] is denied without prejudice.

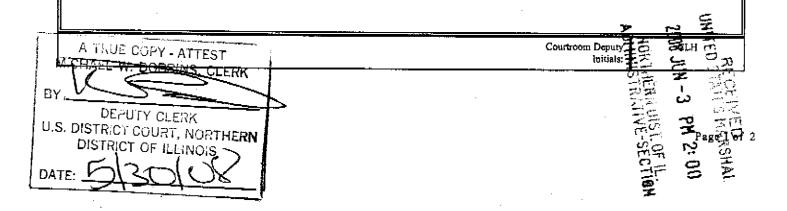

[For further details see text below.]

Docketing to mail notices

STATEMENT

On March 10, 2008, the Court ordered Plaintiff to show cause why his complaint should not be dismissed as untimely. Plaintiff responded that, although he filed a grievance shortly after the events in question, he has never received a response. He therefore could not file his complaint sooner because his administrative remedies had not been exhausted. In Lewis v. Washington, 300 F.3d 829 (7th Cir. 2002), the Court of Appeals held that an inmate's administrative remedies are deemed exhausted when prison officials fail to respond to his grievances, thus making the administrative remedies unavailable. Moreover, the time spent in exhausting administrative remedies is tolled for purposes of limitations on filing a federal complaint. See Johnson v. Rivera, 272 F.3d 519, 522 (7th Cir. 2001) (holding that "in the ordinary case, a federal court relying on the Illinois statute of limitations in a § 1983 case must toll the limitations period while a prisoner completes the administrative grievance process"). Plaintiff has therefore made a prima facie showing that the statute of limitations should be tolled and that his administrative remedies should be deemed exhausted. Plaintiff is accordingly granted leave to file his complaint.

Plaintiff is instructed to file all future papers concerning this action with the Clerk of Court in care of the prisoner correspondent. In addition, Plaintiff must send an exact copy of any filing to defendants or, if represented by counsel, to counsel for defendants. Plaintiff must include on the original filing a certificate of service stating to whom exact copies were mailed and the date of mailing. Any paper that is sent directly to the judge or otherwise fails to comply with these instructions may be disregarded by the Court or returned to Plaintiff.

STATEMENT

The United States Marshals Service is appointed to serve defendants. Any service forms necessary for Plaintiff to complete will be sent by the Marshal as appropriate to serve defendants with process. The U.S. Marshal is directed to make all reasonable efforts to serve defendants. With respect to former correctional employees who no longer can be found at the work address provided by plaintiff, the Illinois Department of Corrections shall furnish the Marshal with defendant's last-known address. The information shall be used only for purposes of effectuating service [or for proof of service, should a dispute arise] and any documentation of the address shall be retained only by the Marshal. Address information shall not be maintained in the court file, nor disclosed by the Marshal is authorized to mail a request for waiver of service to defendants in the manner prescribed by Fed. R. Civ. P. 4(d)(2) before attempting personal service.

The Court denies Plaintiff's motion for appointment of counsel without prejudice for failure to make a showing that he "has made reasonable efforts to retain counsel and was unsuccessful or that the indigent was effectively precluded from making such efforts." Gil v. Reed, 381 F.3d 649, 656 (7th Cir. 2004), quoting Jackson v. County of McLean, 953 F.2d 1070, 1072 (7th Cir. 1992).

| (CONTINUED ON NEXT PAGE) |

Being that the Plaintiff was in such close proximity to the are where the chemical agents were released (The Plaintiff was housed in cell 134 at thetime), the Plaintiff began coughing CHOKING and from the excessiveness of the sprayings., along with several other inmates who were also in proximity to the sprayings.

Eventually the Plaintiff and other inmates began to call out to Sergeant Grant and Lieutenant Wilson to open the back and front entrances to relieve them of the excess chemical agents that were in the air becuase it was extremely hard to breath. Instead of addressing the Plaintiff pleas Lieutenant Wilson along with several other Officers started to dance around and say that that they were alright becuase they had AFLAC insurance and that it was too bad we didnt. This contributed to additional agitation of the overall situation.

The inmates from cells 129 and 130 were taken but of their cells, one individual was taken into the Sergeant's office and placed in a chair and was beaten in the face and body by Lieutenant Givens, Which further contributted to the aggitation and chaos that was going on that evening.

Moments later Sergeant Grant Betsan to walk the first floor gallery while smoking a cigarette and he stopped at the back entrance while smoking and he eventually tossed his cigarette towards the trash bin and walked away, a while later the trash started to burn, there were 2 very large trash bins filled with about 15 to 20 large bags of garbage containing toxic styrofoam trays, platies and other miscellaneous pieces of trash including

about 20 large cardboard boxs.

AS the fire began to burn and increase in size it became increasingly harder to breathe with the smoke in conjuction with the chemical agent the was released earier. The Plaintiff and other inmates started yelling for someone to put out the fire and medical attention yet were ignored by all the officials who were banded together the front of the cellhouse. The offical instead of seeing to the safety of the inmates they continued to beat and assault the inmates that were taken into the hallway holding area.

When the fire began to rage at its max the water, the lights and all the electricity in the cellhouse was shutoff. The Plaintiff was forced to suffer the full force of the smoke from the fire which was burning several feet from his cell and the lingering effects of the chemical agents with no fans to circulate air and no water to drink or clear his throat or eyes with. As the Plaintiff states in his initial Grievance he had to result to drinking the unsanitary water out of his toilet.

As the fire burned the Plaintiff states he and otherspoontinually called for some type of medical attention but were ignored as more and more officials were gathered and evetually the Orange Crush Tactical team was called , which comprised of about 20 to 30 officers; and instead of them providing any assistance to the inmates who were trapped inside their cells they had a list of inmates and cells they would spray with a chemical agent then extract from their cell and then assault. This went on for several hours.

During the entirty of this incident no Statevill official was injured nor were any shots fired. the only individuals injuredf during the entirty of this incident were the inmates housed in this segregation unit. After the fire was over, which began at or around 9:00 p.m. and did not die out until at or around 2:00 a.m., no medical treatment was provided to the Plaintiff whatsoever.

The totality of these circumstances reflect the ultimate negligent and criminalistic practices of the officials at Stateville Correctional Center against inmates with practices of excessive force, beatings, malicious use of chemical agents and other unconstitutional conditions practiced by the Department of Corrections staff members at Stateville Correctional Center.

The Defendant, Correctional Officer J. Allen, was negligent and responsible for the incident which caused the Plaintiff to inhale for hours the toxis smoke from the fires that burned for hours several feet from the Plaintiffs cell and the Defendant C/O J.Allen subjected the Plaintiff to inhale the excess chemical agent that was sprayed. C/O J. Allen was the first person to strike the inmate by the name of Muhammad Shabazz ID#B-82577, which in turn created the chain of events that followed.C/O J.Allen continued to beat and assault the Inmate "Muhammad" in front of the entire cellhouse, causing much aggitation, fear and despair to everyone who watched. C/o J. Allen stood by and watched a very large fire blaze for hours without attempting to put it out for the safety of ther Plaintiff and others housed in F-House at that time, by the time C/O J.Allen did attempt to do something , the fire had died down on it

and his efforts nonly worsened the situation by making the fire smoke more than it was previously insteads of fully putiting it out. Correctional Officer J.Allen's actions and lack of actions in totality show his deliberate indifference which denied the Plaintiff safety and security to his health and show that the Plaintiff was subjected to cruel and unusual punishment.

The Defendant, <u>Correctional Officer Edwards</u>, was also a culpable in the incident which subjected the Plaintiff to cruel and unusual punishment and also ultimately denied him protection to his health and safety. C/O Edwards was one of the officials who participated in the initial assault and beating of the inmate "Muhammad" and stood by while other staff members assaulted and sprayed chemical agents upon inmates for no apparent reason, and C/O Edwards failed to attempt to put out the fire that blazed for several hours in the cellhouse he was responsible for.

The Defendant, Lieutenant Wilson, was the in-house lieutenant at the time of the incident.Lt.Wilson failed to control his officer's and other staff members when they first broke protocol and opened a segregated inmates cell without first having that inmate secured in restraints.Lt.Wilson failed to stop or prevent the attack on the inmate by his correctional officers and in fact aided in the assault by spraying the inmate with a chemical agent after he was already restrained.Lt.Wilson exhibited deliberate indifference when he ignored the Plaintiff and other inmates pleas for help from the chemical agents and he in fact tauted and mocked the inmates pleas by dancing around saying that luckily he and his officers had AFLAC insurance and that it was too bad we did not.Therefore the defendant Lt.Wilson subjected the

Plaintiff to cruel and unusual punishment, Lt.Wilson could have prevented the entire incident had he choose to do so, Lt. Wilson could at anytime ordered someone to put out the fire and stopped the beatings that ensued that evening, ultimately denying the Plaintiff protection of his health and safety.

The Defendant, <u>Sergeant Grant</u>, was the in-house sergeant at the time of the incident and bears alot of responsibility of everything that transpired the evening of May 26,2905. Sergeant Grant subjected the Plaintiff to cruel and unusual punishment and denied the Plaintiff protection of his health and safety by aiding in the initial assault on the inmate "Muhammad", failed to acknowledge the Plaintiff and other inmates plea for help and relief from the fires and chemical agents. Sergeant Grant could have ordered someone to put out the raging fire when it first started instead he allowed it to burn and endanger the life of the Plaintiff.

The Defendant, Correctional Officer Palma, subjected the Plaintiff to cruel and unusual punishment and failed to uphold his repponsibility of protecting all inmates health and safety, for he assisted int the assault and beating of the inmate "Muhhammad".C/O Palma failed to even attempt to put out the fire that raged for hours in his cellhouse. This C/O contributed to the further aggitation of the overall situation by tauting the Plaintiff and other inmates when they were pleading for help. C/O Palma also at one point ripped a number of inmates mail infront of the entire cellhouse, which contributed to the overall aggitation of the situation.

The Defendant , John Doe, the Plaintiff is unaware of the name and identity of this defendant but this defendant was the official that was stationed in the tower Of Stateville F-house on May 26,2005 during this incident. The defendant John Doe showed deliberate indifference and subjected the Plaintiff to cruel and unusual punishment by turning off all the electricity, lights, water and toilet functions when the fire began to rage. This is also the Officer who opened the cell of the inmate "Muhammad" without this inmate being in restraints, so officers could assault him.

The Defendant , Lieutenant Brown, wass culpable in the Plaintiff's subjection to cruel and unusual punishment. Liuetenant Brown without warrant and maliciously released a chemical agent upon an inmate , which in turn forced the Plaintiff to suffer the painful effects of the chemical agent also without warrant. Lieutenant Brown failed to protect the health and safety of the Plaintiff for he failed to put forth any effort to put out the fire and also ignored the Plaintiff and other inmates pleas for sometype of medical attention.

The Defendant, Lieutenant Givens, caused the Plaintiff to endure cruel and unusual punishment and demonstrated clear deliberate indifference where he, stood and watched as the fire for hours without attempting to put it out, and maliciously used a chemical agent on an inmate several cells from the Plaintiff therefore subjecting the Plaintiff to suffer the effects also, the Defendant Givens also laughed at the fact that the Plaintiff and other inmates were suffering. Lieutenant Givens also failed to protect the health and safety of the Plaintiff because he

also assaulted and beat an inmate in the sergeants office, in front of the entire cellhouse causing further aggitation, despare and fear.

The Defendant, Lieutenatt "Buck" Buckkowski, caused the Plaintiff to endure cruel and unusual punishment and demonstrated clear deliberate indifference where he stood and watched as the fire blazed outside of the Plaintiffs cell and at one point stood with fire extinguisher in hand without immediately putting out the fire ,instead waiting until the fire died down almost completely, on its own , before he finally did choose to spray it.

All of the above defendants contributed to the mental and physical anguish the Plaintiff has suffered due to this incident, that same night of the incident thew Plaintiff requested medical attention yet was told that nothing was wrong with him, therefore was not able to recievee a proper evaluation by trained medical staff. To this day the Plaintiff has suffered reoccuring night—mares and mental anguish due to this incident which he states in his grievance and to the Springfield investigator he spoke to about the incident, that on that he believed he was going to die. The Plaintiff also has developed breathing and heart problems which may be attributtal to the extreme amount of smoke and chemical agents he inhaled that night ,which could have all been avoided if the named officials provided the safety and security as they were hired and sworn to provide under the Eight Amendment of the United States Constitution guarrentees.

Affidavit_

I Anthony Conley, first being duly sworn and under oath depose and say:

I was housed in F-House on the date May 26,2005, and on this date an incident transpired where numerous Stateville correctional officers beat and assaulted an inmate by the name of "Muhammad" in front of the entire cellhouse.

That incident subsequently led and or contributed to the events that foolowed That evening, in which several Lieutenant's (Brown and Givens) maliciously and without warrant sprayed a chemical agent upon several inmates several cells away from Ricky Hamilton and myself.

That spraying led to breathing problems for most of the individuals in the area such as Mr.Hamilton and myself.Mr.Hamilton and myself were pleading for officials to open the back and front entrances or else call for medical assistance to relieve us of the adverse effects of the chemical agents.Instead of the officials addressing our pleas for help they mocked and taunted us by stating "To bad for yall, luckily for us we have AFLAC".

Eventually I witnessed Sergeant Grant around the back entrance smoking a ciggarette, which he threw into the garbage and that garbage subsequently caught fire and burned for apprx. 4 hours. When the fire began to blaze several feet from Mr.Hamilton's cell I heard him calling out to several officer's and Lieutenant's to come put out the fire and get him a nurse because he said he could hardly breathe, yet the officials chose to ignore all of his and my pleas for help. The officials turned off all electricity, lights and water at one point and left them off through the entire ordeal

which made the situation much worse.

At one point it was revealed to me that on May 30,2005

C. Palmer had destroyed all mail and grievances that were
turned in concerning the May 26th incident. This was only one
instance of several that I personally heard or witnessed that
displayed the officials at Stateville C.C. wanted to cover-up
the May, 26, 2005 incident.

Pursuant to 28 Usc 1746, 18 Usc 1621, or 735 Ilcs 5/109, under penalty of perjury, I declare everything contained herein is true and accurate to the best of my knowledge and belief.

Signed on this $\frac{\sqrt{3}}{3}$, 2008
